I have sighted the above building consent and confirm that:

- Intumescent coatings to structural steel have been applied in accordance with the manufacturer's specifications and requirements. The products supplied have been tested in accordance with:-
 - AS1530 Methods for fire tests on building materials and structures (Part 4); or
 - NZBC/BS476 Fire tests on building materials and structures (Parts 21-22)
- Intumescent coatings are compatible with the undercoat
- Copy attached of suppliers material schedule listing products used and thicknesses applied (mandatory)
- Floor plan identifying location of intumescent coatings (mandatory)

I understand that Stratford District Council is reliant on this producer statement in order to establish compliance with the requirements of the Building Act 2004, Building Code and the consented plans and will rely on this statement in order to issue the code compliance certificate for this application.
