STRATFORD HEALTH TRUST – INFORMATION SHEET

The objectives of the Stratford Health Trust are:

- primarily for the purpose of providing healthcare and ancillary health services for the public of the Stratford region.
- to assist with the establishment and maintenance of healthcare facilities for the care and treatment of people who are sick, infirm, injured, maimed, disabled or debilitated and for whom medical, surgical or other like care or treatment is necessary or desirable or for the welfare of such persons.
- to assist with and promote the training of health personnel including but not limited to medical practitioners, students, nurses and specialists.
- to assist with and promote generally any purpose related to improving medical knowledge and practice including but not limited to any purpose related to educational research.
- to assist in making provision outside any hospital or healthcare facility for the accommodation of people receiving healthcare including the accommodation of their family and care givers.
- to assist in making provision outside any hospital or healthcare facility for the ongoing care, assistance or welfare of the people receiving or having received healthcare.
- to assist or organise any ancillary services to provide help with managing the provision of equipment, amenities, welfare and entertainment and otherwise to provide the efficient and harmonious operation of any hospital or healthcare facility.
- to work with other organisations or community groups to advance the objects of the Trust.
- Generally to do all acts, matters and things the trustees consider may advance the objects of the Trust as set out above.

Funding Criteria

In essence the Stratford Health Trust will look favourably upon applications for financial assistance which provide for the better operation or continuance of health services to the people of Stratford.
