

STRATFORD DISTRICT COUNCIL

SECTION: ROADING	
<u>POLICY: PEGGING & MAINTENANCE OF ROADS & BRIDGES</u>	
RESPONSIBILITY: Operations	REVIEW DATE: January 2008
VERSION: 1	APPROVED DATE: 24 January 2005
FILE NUMBER: 16043	
DELEGATIONS REGISTER NO: [Click here]	

BACKGROUND

Throughout the District the majority of roads, particularly in the rural area, extend beyond the point where road maintenance funded by Council and Land Transport New Zealand (LTNZ) ends. The "pegging" of roads defines the point on a road where maintenance of roads and bridges funded by Council with financial assistance from LTNZ finishes.

There is no physical peg in the ground, the position of the peg is identified as a distance from the start of the road to the peg, as detailed in Schedule A.

POLICY

1. Roads, streets and bridges within the "peg" shall be maintained to the standards required by Council's Roading Activity Management Plan.
2. Roads, streets and bridges "beyond the peg" shall not be maintained by Council. All day to day maintenance shall be done by the affected property owners or parties who have an interest in the road, and at their expense. Council remains the Road Controlling Authority and imposes conditions.
3. The location of pegs is described in Schedule A for road maintenance and in Schedule B for bridges that are maintained by Council.

SCHEDULE A

AREA AND ROAD	LOCATION OF PEG	MAINTENANCE CATEGORY BEYOND PEG
Area 1		
Barclay	Aldridge's Gate (end of seal)	
Bird	TR	
Brecon	TR	
Brookes	TR	
Cardiff Extension	Gate across road
