• Percy Thomson Arboretum

STATEMENT OF INTENT

FOR THE PERIOD

1 JULY 2015 TO 30 JUNE 2018

This Statement of Intent is prepared by the Percy Thomson Trust under the provisions of section 64 of the Local Government Act 2002.

The purpose of this document is to:

- State publicly the activities and intentions of the Percy Thomson Trust for the year and the objectives to which those activities will contribute; and
- Provide an opportunity for shareholders to influence the direction of the Trust; and
- Provide a basis for the accountability of the directors to their shareholders for the performance of the Trust.

This Statement of Intent covers the period commencing 1 July 2015 to 30 June 2018 inclusive.

A Statement of Intent is required to cover the following contents:

- The objectives of the group; and
- A statement of the board's approach to governance; and
- The nature and scope of the activities to be undertaken; and
- The ratio of consolidated shareholders' funds to total assets, and the definitions of those terms; and
- The accounting policies of the group; and
- The performance targets and other measures by which the performance of the group may be judged in relation to its objectives; and
- An estimate of the amount or proportion of accumulated profits and capital reserves that is intended to be distributed to the shareholders; and
- The kind of information to be provided to the shareholders by the group during the course of those financial years, including the information to be included in each half-yearly report; and
- The procedures to be followed before any member or the group subscribes for, purchases, or otherwise acquires shares in any company or other organisation; and
- Any activities for which the board seeks compensation from any local authority; and
- The board's estimates of the commercial value of the shareholders' investment in the group and the manner in which, and the times at which, that value is to be reassessed; and
- Any other matters that are agreed by the shareholders and the board.

BACKGROUND

The Council has established a charitable trust to be known as the 'Percy Thomson Trust' for the objects set out in the Trust Deed.

Percy Thomson by his will left a significant bequest to be used and applied towards the establishment and maintenance of an arboretum and herbarium of the native flora of New Zealand and an art gallery, all of which were to be vested in a Board of Trustees that were to be elected or appointed by the Stratford District Council.

The Council, using the funds available, has established an arboretum, herbarium and art gallery which are respectively known as the Thomson Arboretum, the Thomson Herbarium and the Thomson Gallery. By a Trust Deed and by a subsequent Deed of Transfer, the Council has recorded the formal vesting of the Thomson Arboretum, the Thomson Herbarium and the Thomson Gallery in the trustees of this trust.

The Trustees have agreed to act as Trustees of the Trust and to be responsible for the ongoing management of the Thomson Arboretum, the Thomson Herbarium and the Thomson Gallery.

OBJECTS OF THE TRUST

The objects for which the Trust is established are, to the extent that they are a Charitable Purpose within New Zealand, as follows:

- to receive the Percy Thomson Arboretum, the Percy Thomson Herbarium and the Percy Thomson Gallery and to be responsible for the ongoing establishment and maintenance of an arboretum, herbarium and art gallery in Stratford;
- to manage the Trust Facilities and to create, acquire, promote, exhibit and manage the Collections for the benefit of the inhabitants of the Stratford District and the public generally;
- to endeavour to achieve the objectives the Council sets for the delivery of services in respect of the Trust Facilities as negotiated and set out in the Charter, the Business Plan, and the Strategic Plan;
- to implement the Council's policy as revised from time to time for the development and enhancement of the Trust Facilities with an emphasis on Stratford and in accordance with the Charter, Business Plan and Strategic Plan;
- to provide advice to the Council on the Council's long term policy for the development of gallery services in Stratford;
- to establish exhibition programmes and education policies for the Trust Facilities;
- to develop acquisition, de-accession and collection development policies for the Trust;
- to provide all financial, administration, marketing, technology and services required for the Trust Facilities;
- to determine charges for viewing or using any of the Trust Facilities and the Collections with a view to generating appropriate revenue and encouraging public enjoyment and utilisation of the Trust Facilities and Collections;
- to house and care for any art collections, antiquities or other articles acquired by, loaned, created or otherwise made available to the Trust and particularly to preserve and maintain the Collections (subject to any de-accession policies developed by the Trustees);
- to lease land or other assets where the Trustees determine that such land or other assets can be used in conjunction with the Trust Facilities or to promote the objectives of the Trust;
- to solicit and raise funds and carry out such activities as are necessary or conducive for the carrying out and giving effect to the objects of the Trust;
- to encourage and foster liaison and co-operative activities with related facilities, particularly those in the Stratford District; and
- generally to do all acts, matters and things that the Trustees consider may advance the objects of the Trust.

For the avoidance of doubt, the objects of the Trust expressed above are set out in no particular order or priority and do not include an intention or purpose that the Trust operates a trading undertaking with the intention or purpose of making a profit, but rather that the Trustees fairly and efficiently manage the Trust Fund, the Trust Facilities and the Collections for the benefit of the people of Stratford District.

The Trust's objects shall only be carried out in, or to benefit people in the Stratford District. The Trustees may carry out activities outside the Stratford District to promote the Trust or the Trust's activities but only if they believe that such activities will be for the ultimate benefit of people in the Stratford District.

GOVERNANCE

The Trust Deed provides that there shall be not less than six or more than seven Trustees, and that these Trustees shall provide governance to the Trust as per the terms of the Trust Deed.

The current Trustees are:

- Bruce Ellis for a term expiring at the 2016 AGM
- Gloria Webby for a term expiring at the 2017 AGM
- Roger Maynard Hignett for a term expiring at the 2015 AGM.
- Christine Craig for a term expiring at the 2017 AGM.
- Viv Milner for a term expiring at the 2016 AGM.

Trustees are eligible for reappointment.

The Trustees shall hold at least four meetings in each financial year.

NATURE AND SCOPE OF ACTIVITIES

The Percy Thomson Trust covers three activities, the Art Gallery, the Arboretum, and the Herbarium.

The Percy Thomson Gallery is located in Prospero Place, the arboretum on Cloten Road near the intersection with Ariel Street, and the herbarium at the website www.taranakiplants.net.nz.

The Percy Thomson Gallery is Stratford's public art gallery and was opened in June 2002. The gallery contains both exhibition areas and work areas for use by local artists and community art groups. The gallery provides an active programme of exhibitions and events that is both internally generated and toured from other art collections.

The gallery's main display area totals 178m² which can be comfortably partitioned into two areas of 116m² and 62m² respectively.

RATIO OF CONSOLIDATED FUNDS

The ratio of the equity to total assets is 99.757:1.

- where equity is defined as accumulated equity; and
- total assets is defined as all assets, both current and long term.

STATEMENT OF ACCOUNTING POLICIES

Reporting Entity

Percy Thomson Trust ("the Trust") is a registered trust under the Charitable Trusts Act 1957. The Trust qualifies for differential reporting exemptions on the basis that it is not publicly accountable and is not considered large in terms of the Act. The Trust is controlled by Stratford District Council and is a Council Controlled Organisation as defined under Section 6 of the Local Government Act 2002, by virtue of the Council's right to appoint the Board of Trustees.

The primary objective of the Trust is to be responsible for the ongoing establishment and maintenance of the Percy Thomson Arboretum, the Percy Thomson Herbarium and the Percy Thomson Gallery in Stratford. The Trust has to manage the Trust Facilities and create, acquire, promote, exhibit and manage the collections for the benefit of the inhabitants of the Stratford district and the public generally, rather than making a financial return.

Accordingly, the Trust has designated itself as a public entity for the purposes of New Zealand Equivalents to International Financial Reporting Standards (NZ IFRS).

Change in the Accounting Standards Framework

The Minister of Commerce approved a new Accounting Standards Framework (incorporating a Tier Strategy) developed by the External Reporting Board (XRB). Under this Accounting Standards Framework, the Trust is classified as a Tier 3 reporting entity and is required to apply full Public Benefit Entity Accounting Standards (PBE) developed by the XRB based on current International Public Sector Accounting Standards (PBE IPSAS), certain current International Accounting Standards (PBE IAS) and certain Financial Reporting Standards (PBE FRS). The effective date for the new standards for public sector entities was for reporting periods beginning on or after 1 July 2014. This means the Trust was required to transition to the new standards in preparing its Statement of Intent for the 2014-2017 period. There is minimal impact to the Trust's financial statements as a result of this.

Accounting Policies

These forecasts and the Trust's accounts are prepared on the basis of International Financial Reporting Standards and such other generally accepted accounting standards in force from time to time.

The following accounting policies which materially affect the measurement of results and financial position have been applied consistently to all years presented unless otherwise stated.

1. Basis of Preparation

The financial statements of the Trust have been prepared in accordance with the requirements of the Local Government Act 2002, which includes the requirement to comply with generally accepted accounting practice in New Zealand (NZ GAAP).

The Trust is a public benefit entity (PBE) and complies with the Accounting Standards Tier 3 issued by the New Zealand Accounting Standards Board of the External Reporting Board pursuant to Section 24(1)(a) of the Financial Reporting Act 1993.

The financial statements have been prepared on a historical cost basis.

The financial statements are presented in New Zealand dollars and all values are rounded to the nearest hundred dollars. The functional currency of the Trust is New Zealand dollars.

1.2 Budget Figures

The budget figures are those approved by the Trustees at the beginning of the year in the statement of intent. The budget figures have been prepared in accordance with NZ GAAP, using accounting policies that are consistent with those adopted by the Trust for the preparation of the financial statements.

1.3 Revenue Recognition

Grants, bequests and assets vested in the Trust - with or without conditions - are recognised as revenue at the fair value of the asset received, when control over the assets is obtained.

1.4 Goods and Services Tax (GST)

All items in the financial statements are stated exclusive of GST, with the exception of receivables and payables which are GST inclusive. When GST is not recoverable as an input tax then it is recognised as part of the related asset or expense.

The net amount of GST recoverable from, or payable to, the Inland Revenue Department (IRD) is included as part of receivables or payables in the balance sheet.

The net GST paid to, or received from the IRD, including the GST relating to investing and financing activities, is classified as an operating cash flow in the cash flow statement.

Commitments and contingencies (if any) are disclosed exclusive of GST.

1.5 Income Tax

The Percy Thomson Trust is exempt from income tax.

1.6 Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held with banks and other short term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings as a current liability in the balance sheet.

1.7 Trade and Other Receivables

Trade and other receivables are initially measured at fair value and subsequently measured at amortised cost using the effective method, less any provision for impairment.

A provision for impairment of receivables is established when there is objective evidence that the Trust will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted using the effective interest method.

1.8 Property, Plant and Equipment

Property, plant and equipment are shown at historical cost less accumulated depreciation and impairment losses.

Property, plant and equipment classes of assets whose fair value can be measured reliably shall be carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date.

Unless stated valuations are performed or reviewed by independent qualified valuers and are carried out at least on three yearly cycles. Valuations will be undertaken more

regularly if necessary to ensure no individual item of property, plant and equipment within a class has a carrying value that is materially different from its fair value.

Land and buildings have been revalued by Telfer Young Independent Valuers as at 1 July 2013 at optimised depreciated replacement cost.

Additions

In most instances, an item of property, plant and equipment is recognised at its cost. Where an asset is acquired at not cost, or for a nominal cost, it is recognised at fair value as at the date of acquisition.

Revaluation

Revaluation increases and decreases relating to individual assets within a class of assets are offset. Revaluation increase and decrease in respect of assets in different classes are not offset. Where the carrying amount of a class of assets is increased as a result of revaluation, the net revaluation increase is credited to the revaluation reserve. The net revaluation increase shall be recognised in the Income Statement to the extent that it reverses a net revaluation decrease of the same class of assets previously recognised in the Statement of Comprehensive Revenue and Expense. A net revaluation decrease for a class of assets is recognised in the Statement of Comprehensive Revenue and Expense, except to the extent that it reverses a revaluation increase previously recognised in the revaluation reserve to the extent of any credit balance existing in the revaluation reserve in respect of the same class of asset.

Impairment of Non-Financial Assets

The carrying amount of the Trust's non-financial assets, other than investment property are reviewed at each Statement of Financial Position date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is determined to the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Trust estimates the recoverable amount of cash-generating unit to which the asset belongs.

Where the future economic benefits of an asset are not primarily dependant on the asset's ability to generate net cash flows, and where the Trust, if deprived of the asset, replace its remaining future economic benefits, value in use shall be determined as the depreciated replacement cost of the asset.

Where the Trust accounts for revaluations of property, plant and equipment on a class of asset basis, an impairment loss on a revalued asset is recognised directly against any revaluation reserve in respect of the same class of asset to the extent that the impairment lost does not exceed the amount in the revaluation reserve for that same class of asset.

Where the Trust accounts for revaluations of property, plant and equipment on a class of asset basis, a reversal of an impairment loss on a revalued asset is credited directly to the revaluation reserve. However, to the extent that an impairment loss on the same class of asset was previously recognised in the Statement of Comprehensive Revenue and Expense, a reversal of that impairment loss is also recognised in the Statement of Revenue and Expense.

1.9 Depreciation

Depreciation is provided on a straight line basis on all property, plant and equipment, excluding land, at rates that will write off the value of the assets, less their estimated residual values, over their useful lives.

The useful lives of the classes of assets have been estimated as follows:

Buildings	20-80 years
Furniture and Fittings	10 years
Office Equipment	4-10 years

1.10 Employee Entitlements

Provision is made in respect of the Trust's liability for annual leave, long service leave and retirement gratuities. Annual leave has been calculated on an actual entitlement basis at current rates of pay while the other provisions have been calculated on an actuarial basis.

1.11 Financial Instruments

The Trust is party to financial instruments as part of its normal operations.

The Trust's loans and mortgages are categorised as loans and receivables. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These are initially recognised at fair value and subsequently measured as amortised cost.

A provision for impairment of receivables is established when there is objective evidence that the Trust will not be able to collect all amounts due according to the original terms of receivables.

Share assets held for strategic purposes are categorised at fair value through equity. These are initially recognised, and subsequently measured, at fair value. Gains and losses are directly recognised in equity.

At each balance date the Trust assess whether there is any objective evidence that a financial asset is impaired. Any impairment losses are recognised in the statement of financial performance.

Borrowings and other financial liabilities are initially recognised at fair value less transaction costs, and subsequently measured at amortised cost.

1.12 Critical Accounting Estimates and Assumptions

In preparing these financial statements the Trust has made estimates and assumptions concerning the future. These estimates and assumptions may differ from the subsequent actual results. Estimates and judgements are continually evaluated and are based on historical experience and other factors that are believed to be reasonable under the circumstances.

There are a number of assumptions and estimates used when performing valuations over assets. These include:

- The physical condition of the asset.
- Estimating any obsolescence or surplus capacity of any asset.
- The remaining useful life of the asset over which the asset will be depreciated.

Experienced independent valuers perform the Trust's asset revaluations.

1.13 Changes in Accounting Policies

There has been no change in accounting policies.

PERFORMANCE MEASURES

Mission Statement

"To fulfil the wishes of the bequest by the late Mr Percy Thomson".

Level of Service	Performance Measure	Year 1 2015/16	Target Year 2 2016/17	Year 3 2017/18	How Measured

DISTRIBUTIONS TO SHAREHOLDERS

The Trustees do not intend to distribute any accumulated profits or capital reserves to the Stratford District Council.

REPORTING

The Percy Thomson Trust will provide audited annual accounts in conjunction with its annual report. The Auditor-General is the auditor of the Trust.

A six-monthly summary report will also be presented including a summary of progress against objectives, and an unaudited balance sheet and income statement.

PURCHASE OF SHARES

The Trust does not intend to purchase shares in any company, other than as an investment mechanism. The Trust's Investment Policy states the policies and procedures for Trust investments.

INVESTMENT POLICY

PHILOSOPHY

The investment strategy of the Percy Thomson Trust is to maintain the income level required to achieve the Trust objectives whilst also inflation-proofing the capital base.

CRITERIA FOR INVESTMENT

Investments must be made to optimise returns while balancing risk and return considerations. As a responsible Trust with a public benefit aim, the Percy Thomson Trust investments should be low risk. The criteria to be applied to investments are:

- Safety of Capital - Safety of capital is a dominant consideration in all investment decisions.
- Liquidity - Investments are managed to ensure that sufficient funds are available to meet liabilities as and when they fall due.
- Returns - Long term investments reflect the objective of maximizing returns in excess of the inflation rate consistent with moderate to low risk exposure and to provide consistent real income over the long term.

PERFORMANCE MEASURES

Maintain the real value of the capital of the Trust with regard to inflation. (using the Statistics New Zealand All Groups CPI).

Types of Investment

The Trust may hold the following types of investments. See other sections of this policy for restrictions on the management of each type.

- Bank deposits, bank accepted bills and bank issued certificates of deposit
- Short term Promissory Notes issued by companies and Local Authorities
- Stocks and bonds issued by Government, SOE's, Local Authorities and suitably rated Corporate entities
- Shares in listed public companies
- Real Estate
- Professionally managed portfolios of investments, either by direct investment or through Unit Trusts including:
 - Equities both New Zealand and overseas domiciled
 - Fixed interest both New Zealand and overseas domiciled
 - Short term cash
 - Real estate

The following types of investments are prohibited:

- Loans to individuals
- Loans to community organisations

ASSESSMENT AND MANAGEMENT OF RISKS BY TYPE OF INVESTMENT

Authorised Bank Instruments

The Trust may invest in any registered bank in New Zealand subject to the following:

- The bank remains the primary debtor throughout the term of the investment.
- Investments will only be in banks on the list of registered banks in New Zealand as approved by the Reserve Bank of New Zealand.
 - any other organisation with a Standard and Poor's short term credit rating of A-3 or better and a long term credit rating of A- or better (equivalent Moody's ratings may be used).
- Up to 100% of the available funds may be invested.
- A maximum of 50% of the total investments issued by the financial market (which is made up of short term bank deposits, promissory notes and long term stocks and bonds including those issued by Local Authorities and Government Stock) may be invested with any one bank.
- Deposits may not include foreign currency.

Promissory Notes by NZ Companies and Local Authorities

The Trust may invest in Promissory Notes issued in New Zealand by Corporates and Local Authorities in New Zealand currency subject to the following:

- Up to 35% of the available funds may be invested where the Promissory Notes are issued by any company in New Zealand subject to the issuer having a Standard and Poor's long term credit rating of Investment Grade or better (equivalent Moody's ratings may be used) and subject to a maximum 20% of the total investments with any one issuer.
- The term is no more than 180 days.
- The interest rate must be better than Bank deposits for the same term.
- For registered Promissory Notes the note must be held in the Trust's name.
- For 'bearer' Promissory Notes, the certificate may be held by the Trust or by a suitable agent such as a Bank.
- To avoid the Trust being exposed to settlement risk, payment on maturity or sale requires settlement by 'Cleared Funds'.

Authorised Stock or Bond Investments

The Trust may invest in any fixed term stock or bond issued in New Zealand subject to the following:

- Up to 100% of the available funds may be invested where the stock is issued by the New Zealand Government or State Owned Enterprise guaranteed by the Government.
- Up to 100% of the available funds may be invested where the stock is issued by a Local Authority and is rate secured, but subject to a maximum of 50% of the total investments with any one issuer.

- Up to 80% of the available funds may be invested where the bonds are issued by any company in New Zealand subject to the issuer having a Standard and Poor's long term credit rating of Investment Grade or better (equivalent Moody's ratings may be used) and subject to a maximum 20% of the total investments with any one issuer.

Shares in Listed Public Companies

The Trust may invest in any public company listed on the New Zealand Stock Exchange subject to the following:

- Specific resolution is required by the Trust to invest directly in a listed equity, such resolution to have considered professional advice from a broker.
- There is to be an annual review by a broker to assess price, total value, and hold or sell advice.
- Up to 30% of the available funds may be invested.

Real Estate

The Trust may invest in real estate subject to the following:

- The property is directly linked to the aims and purpose of the Trust; or
- The property was included in the initial assets of the Trust.
- Up to 75% of the available funds may be invested.

Professionally Managed Portfolios

The Trust may invest in professionally managed portfolios subject to the following:

- In selecting the fund manager the Trust shall consider:
 - Performance and competence
 - Diversification of the asset class
 - Expected return
 - Volatility of return, both in the past and expected
 - Trust's tolerance to risk
- The management of the investment, once made with a professional Fund Manager, shall be handled entirely by that Fund Manager. Therefore, restrictions stated elsewhere in this policy governing the selection and handling of direct investments shall not apply.
- Up to 50% of the available funds may be invested.

Diversification Summary

Investment Category	Fund Weighting Restriction	Other Restrictions
Bank Instruments	100% of fund	Maximum 50% with any one bank
Promissory Notes	35% of fund	No more than 180 days; No more than 20% with one issuer
Authorised Stock/Bonds	100% of fund Government Stock; 100% of fund Local Authority; 80% of fund Others	No more than 50% with one Local Authority; No more than 20% with one issuer
Listed Shares	30% of fund	
Real Estate	75% of fund	Aims of Trust
Professional Portfolios	50% of fund	

Reporting

The Percy Thomson Trust shall receive with each set of accounts reported to the Trust a statement of investments including book value, maturity date, return, market value, and other features deemed relevant.

Delegated authority to act on all investments in accordance with this policy, (except Real Estate, Shares, and Professionally Managed Funds) is granted to the Chairman of the Trust and any one other authorised account signatory.

ACTIVITIES FOR WHICH COMPENSATION SOUGHT

The Percy Thomson Trust is seeking an annual cash grant of \$50,000 from the Stratford District Council. This is within the limits currently set by Council policy.

This grant helps fund the activities of the Trust.

The Trust is also seeking \$4,000 of maintenance work on the Arboretum, delivered "in kind".

In addition, the Trust is seeking \$10,000 of cleaning services in the public toilets within the Percy Thomson Building, delivered 'in kind'.

The Council provides administration services to the Trust (\$20,600) and leases the Information Centre area from the Trust (\$25,000).

As a Council controlled organisation, any funding applications to TSB Community Trust must be made in conjunction with Council's applications.

ESTIMATE OF COMMERCIAL VALUE

As the Trust is an independent charitable trust, and the winding up clauses of the Trust Deed provide for any distribution of remaining funds to another charitable purpose within the Stratford District with similar objectives, the commercial value as the shareholders investment is assessed as zero.

OTHER MATTERS

The Percy Thomson Trust has two commercial arrangements with the Stratford District Council.

- The Stratford District Council leases from the Trust a portion of the building owned by the Trust. This area is used by the Council for its Information Centre.
- The Stratford District Council provides accounting and administrative services to the Percy Thomson Trust. The Trust pays a fee for these services.

The Percy Thomson Trust leases to a third party a portion of the building asset for operation of a Café.

The Percy Thomson Trust has a partnership arrangement with the Taranaki Regional Council for the delivery of the electronic herbarium database via the world-wide web.

ASSUMPTIONS

The budget forecasts do not include any adjustments for inflation for the years 2015/2016 and beyond. All revenue and expenditure is based on 2015 dollars.
