

Alert Level 1 - Does not mean Alert Level 'none'

Taranaki along with the rest of New Zealand is now back in Alert Level 1. This means our Council facilities can provide services without the restrictions of Alert Level 2.

However Alert Level 1 does not mean Alert Level 'none'.

- Staying at home if you're sick is especially important at Alert Level 1 because the risk of COVID-19 being spread in the community is much greater.
- Keep up good handwashing practices.
- People are now required to wear a face covering on all public transport, at both Level 1 and Level 2.
- Keep tracking your movements using the COVID Tracer app and turn on the app's Bluetooth tracing function.

For the latest updates from our facilities follow Stratford Library and TSB Pool Complex on Facebook or give them a call.

Council is always available through a contactless service if you require.

New pool site blessed

The site of the new aquatic centre in Stratford was blessed last Friday by Koro Sandy Parata and representatives from Ngāruahine, Ngāti Maru and Ngāti Ruanui.

Stratford District Mayor Neil Volzke turned the first sod and gave thanks to everyone who had been involved in getting the project to this point, including the Stratford Cricket Club who have been accommodating in giving up their cricket wicket for the project to go ahead.

Site preparation is due to begin next week and earthworks on the site will follow. The pool floor plan was signed off by Council in December 2020 and includes a 25 metre eight lane pool, hydrotherapy pool, learn to swim pool and a children's splash pad.

Construction of the aquatic centre is due to be completed towards the end of 2022.
