

Shaun Preston set to take the stage at Stratford's Summer Nights

You're invited to enjoy the musical talents of Aotearoa's most sought after piano man, Shaun Preston, on Saturday 13 February 2021 for Summer Nights concert in the Ted McCullough Rhododendron Dell, King Edward Park.

Shaun will be joined by Stratford's very own star pianist Jack Moser and musical all-rounder Scott Armstrong (The Slacks), plus performances from the Dance Project will entertain the crowd throughout the evening.

Director Community Services Kate Whareaitu says, "We're thrilled to be able to bring Shaun Preston to town and showcase local talent for our concert in the park."

"Our Summer Nights events aim to give residents and visitors to the district the opportunity to get together with friends and whānau, relax, and enjoy our beautiful park settings," she says. "We hope everyone takes advantage of the opportunity we have here in Aotearoa at this time to get outside, come together with loved ones and support the free entertainment on offer."

The Summer Nights Concert will be on Saturday 13 February 2021, and kicks off at 3.30pm with the Dance Project, 4.00pm Scott Armstrong and Jack Moser will take the stage, followed by Shaun Preston at 5.00pm.

Shaun Preston and his famous white piano will be gracing the stage in the Ted McCullough Rhododendron Dell Saturday 13 February 2021.

Food and drinks will be available to purchase at both events, and people are welcome to bring their own picnic.

Follow Stratford District Council's Facebook page or check the website www.stratford.govt.nz for more information and all the latest event details.

Proudly brought to you by Stratford District Council and The Hits Taranaki.

Flush your Taps

Some plumbing fittings have the potential to allow minute traces of metals to accumulate in water standing in the fittings for several hours.

Although the health risk is small, the Ministry of Health recommends that you flush a mugful of water from your drinking-water tap each morning before use to remove any metals that may have dissolved from the plumbing fittings.

We are recommending this simple precaution for all households, including those on public and private water supplies.
